Dear Parents and Carers

Re: GCSE Film Studies

As you will no doubt be aware, your child has been studying Film Studies in Year 9 as one of their option subjects. All students have been analysing a range of different elements of film from cinematography to sound. The GCSE Film Studies course is designed by the exam board, EDUQAS, and enables students to study a range of films from around the world, as well as create their own short film for their coursework.

All of the films studied on the specification have been carefully selected for their relevance and appropriateness for schools, but we need to make you aware that some are 15 certificates. In addition, clips from a range of other films will be used at regular points throughout the course but all will be carefully vetted by staff to ensure their suitability for lessons.

If you have any concerns about your child watching films rated up to 15, then please let us know and we will make alternative arrangements for them.

If you have any questions about anything to do with this, then please do not hesitate to contact me at clare.percival@leafstudio.co.uk

Yours sincerely

Mrs C Percival
Vice Principal
